

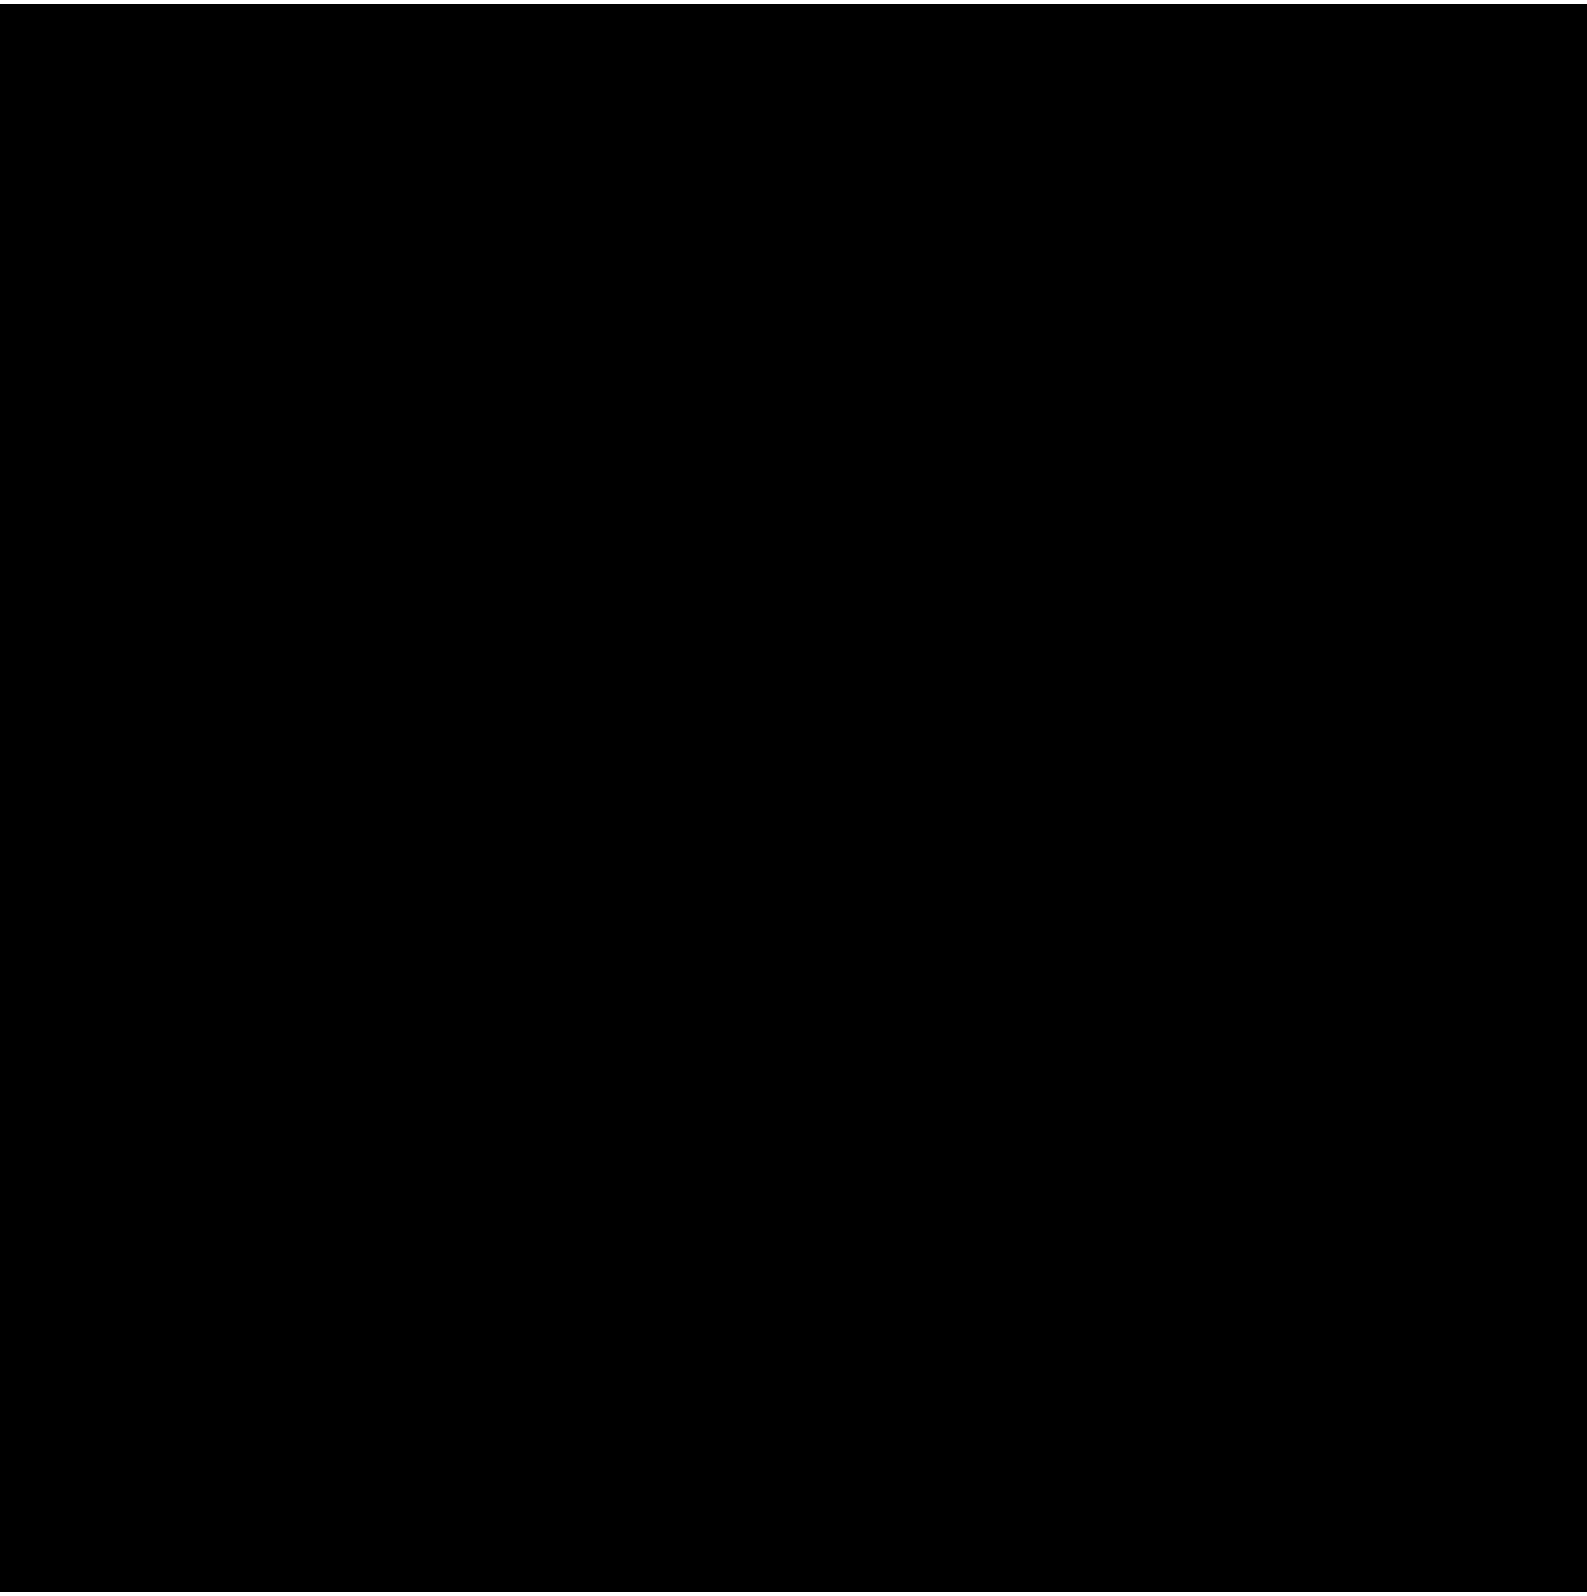
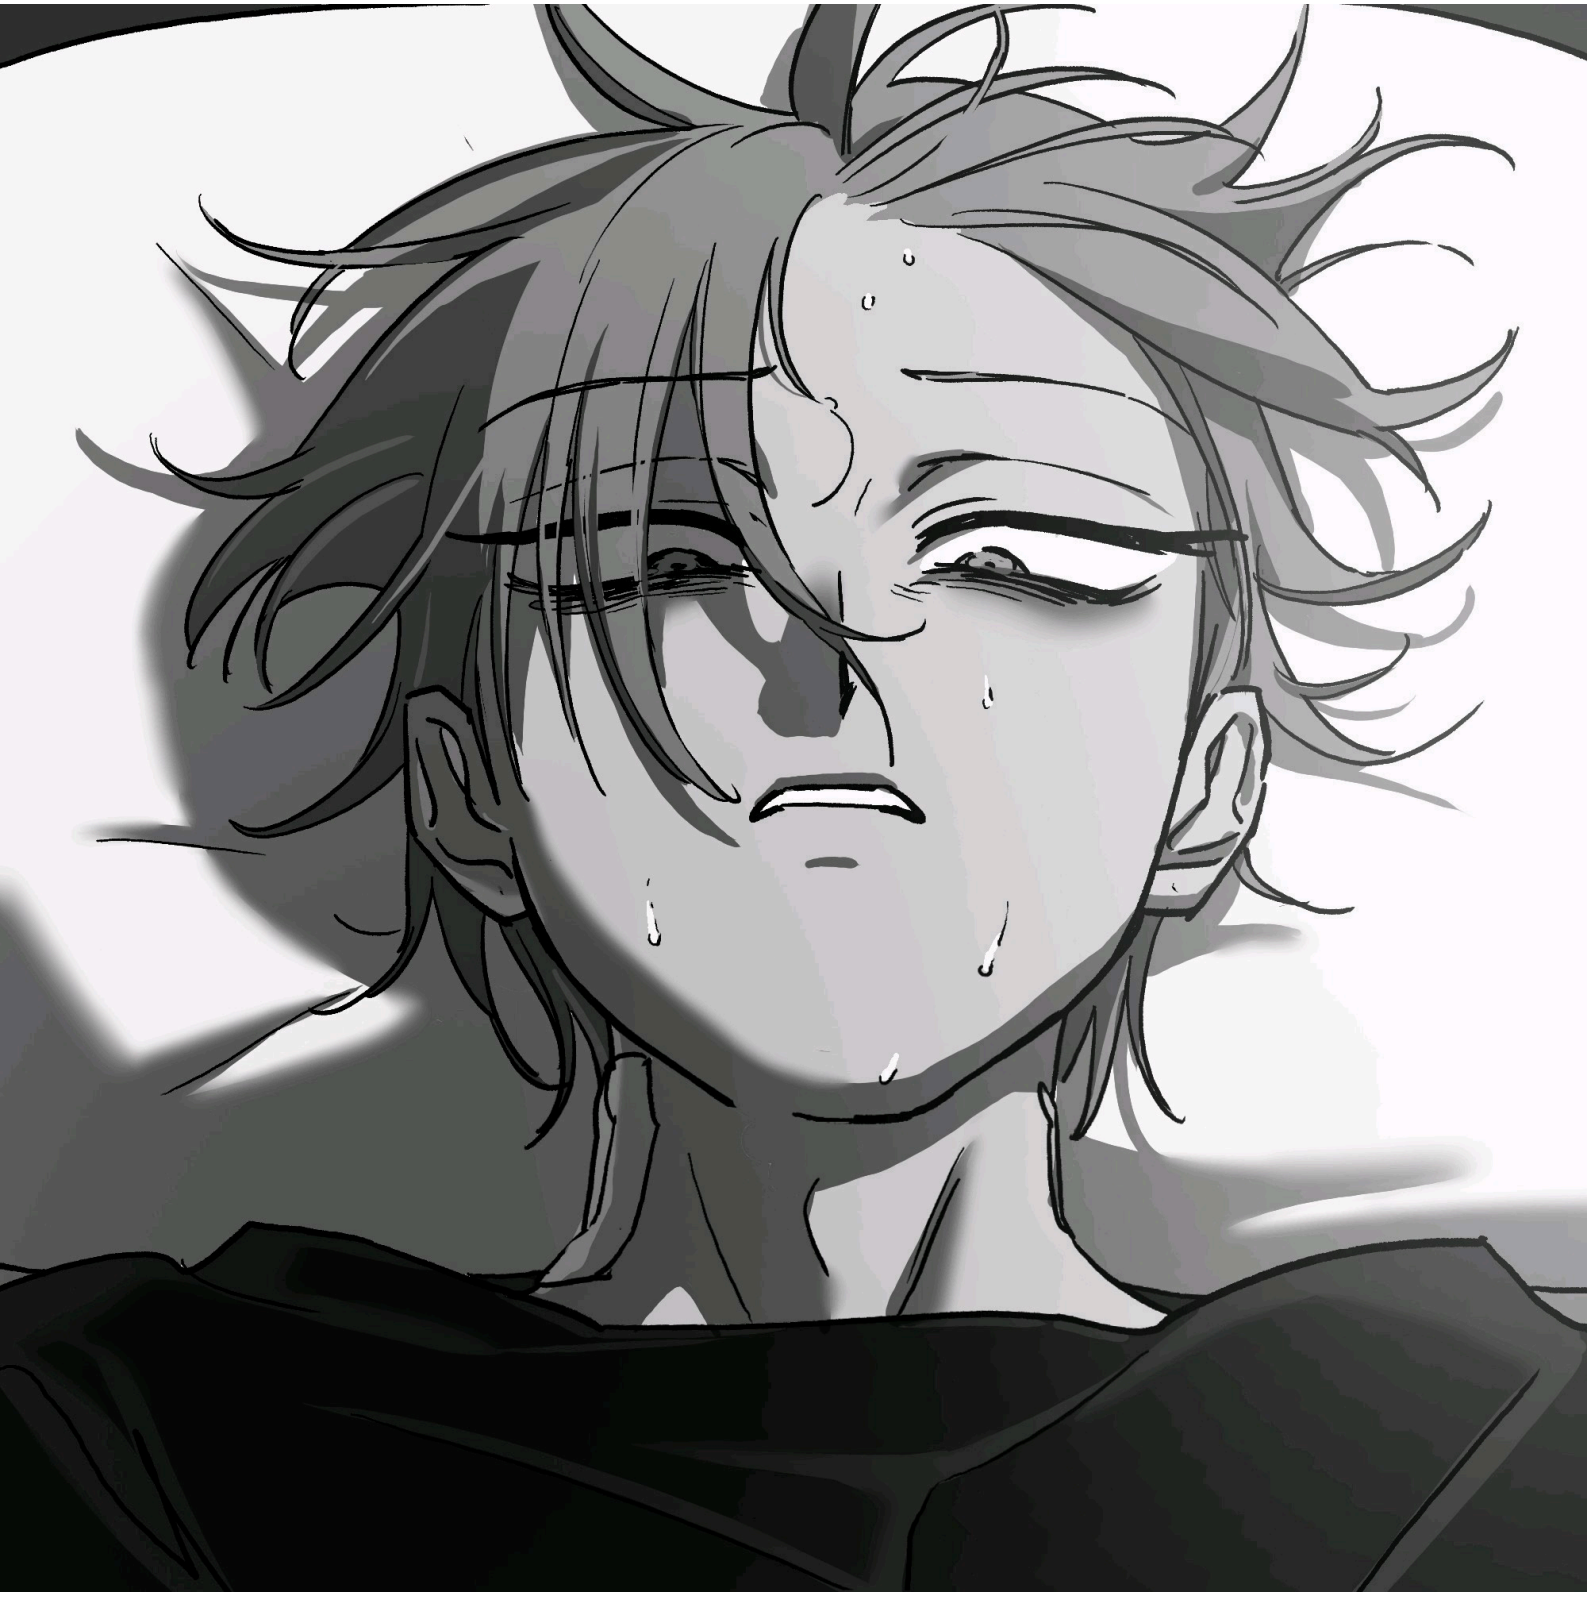
..... would really be dead.
You want .... to deal .... a puppy with po...?
It gets worse....
... waking up now.....



My body was heavy and
I couldn't make a sound.

Where are you looking?

Hello.



There was one face I didn't want to see.

People who seem to have saved me are looking at my body and saying things.
s it that bad?
Look at his eyes, it's not just the nerve dama
I couldn't even understand what they were saying.

A child who is nothing but a burden
chuckle
You're probably in a lot of pain, so don't talk, can you take a look at this?

Are you listening to me, Till?
His ears should be fine...
I don't think
we can talk right now.

I'm looking at this guy who's bullying me for no reason.
I couldn't even make eye contact with this seemingly friendly person for days
as I stared at the guy who was bullying me for no reason.
Just in case, about Mizi.

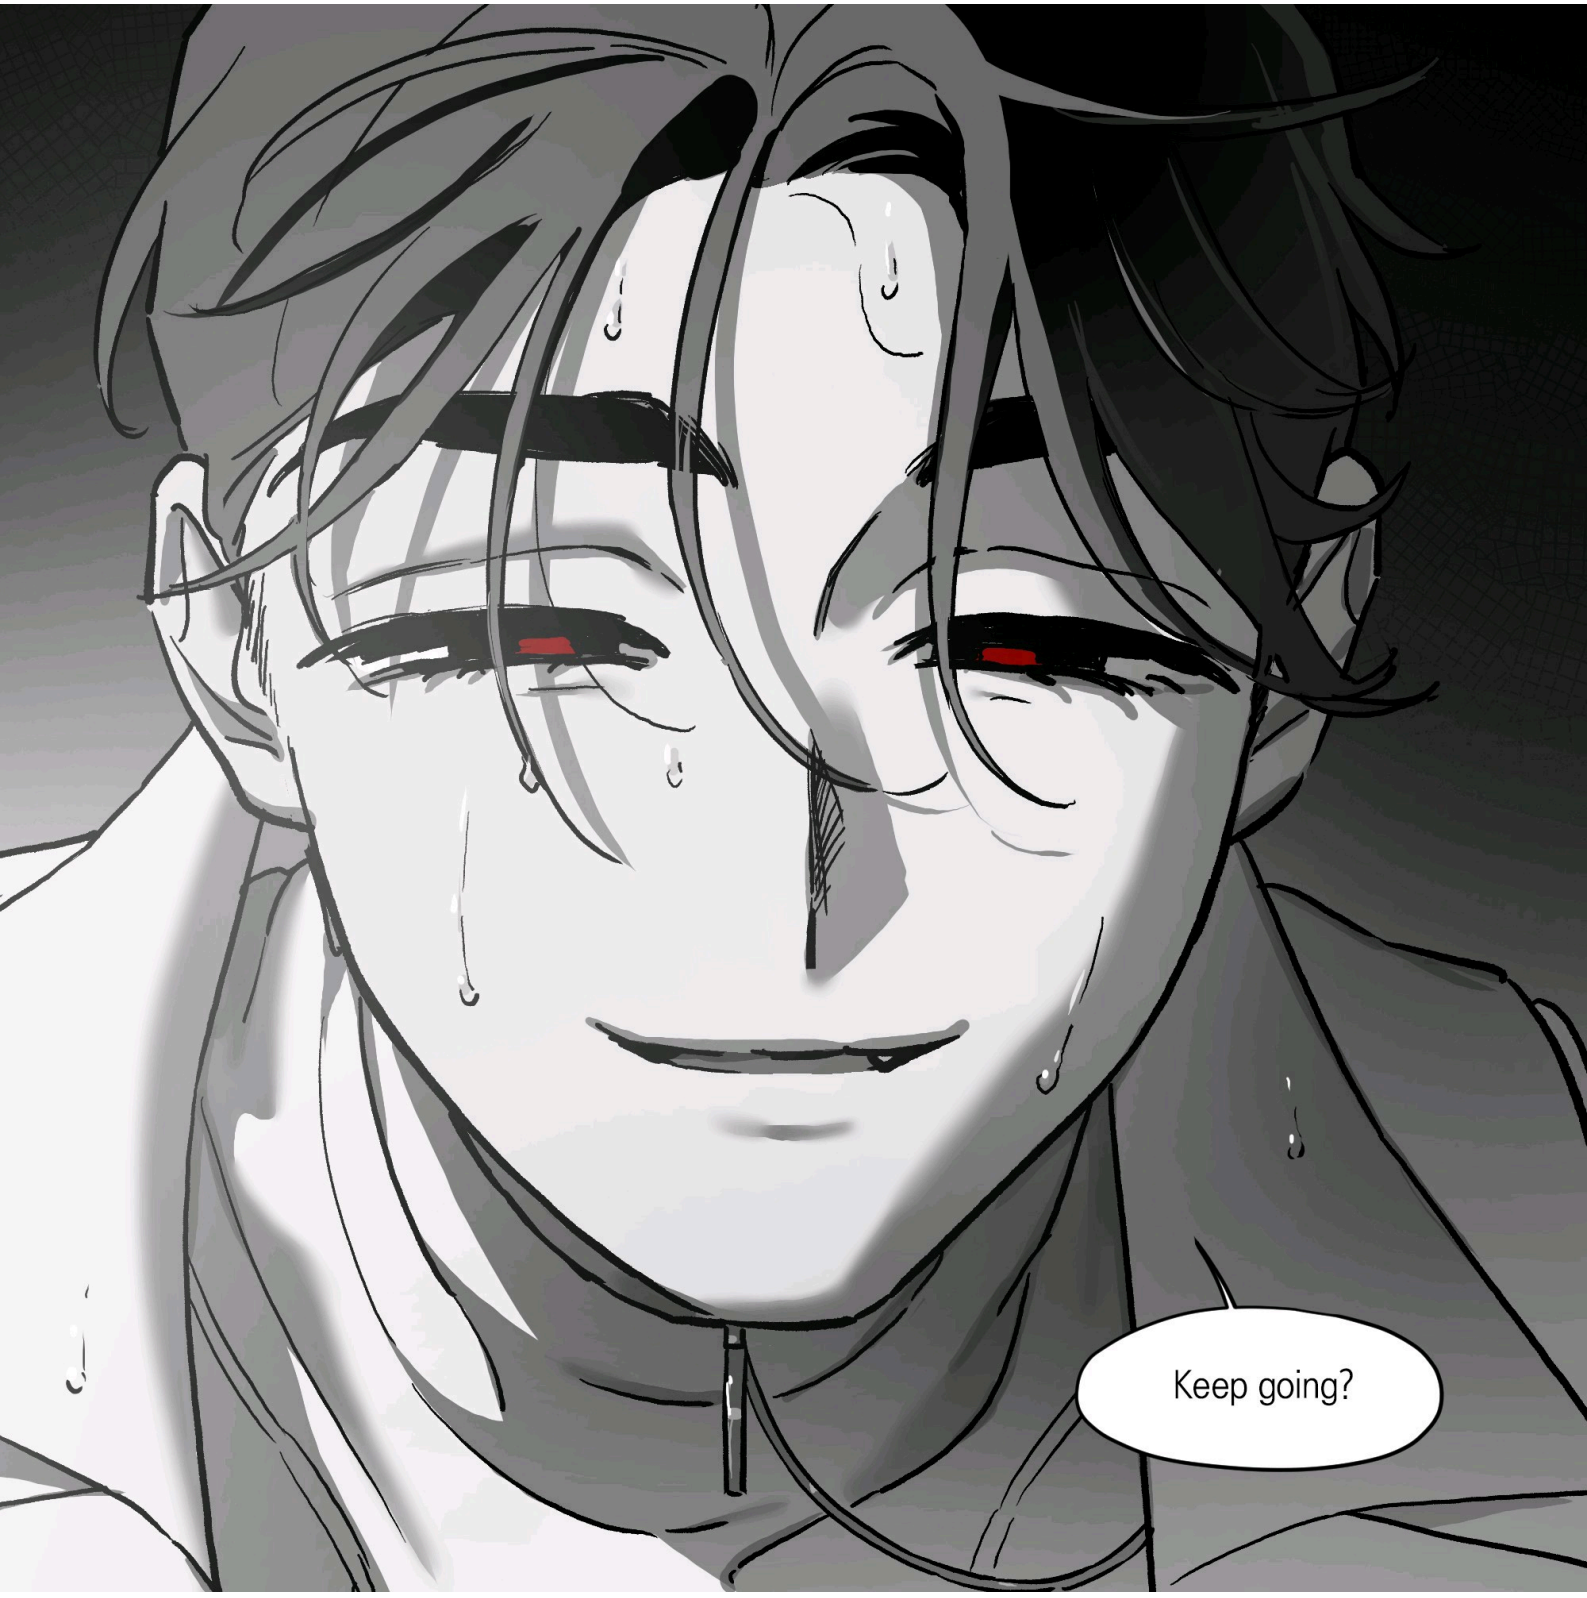
It's better not to talk
about her anywhere.

The biggest problem was

Gasp
because of the situation.

Oh no, it's still going to hurt a lot
Really don't use your throat.
cough
cough!
gạh

That's because every time I open my mouth,
he shuts it down.



Keep going?

In a flurry of emotions,

anger, fear, and sadness

crushed me in turn,

and after the wound in
my throat healed clumsily,

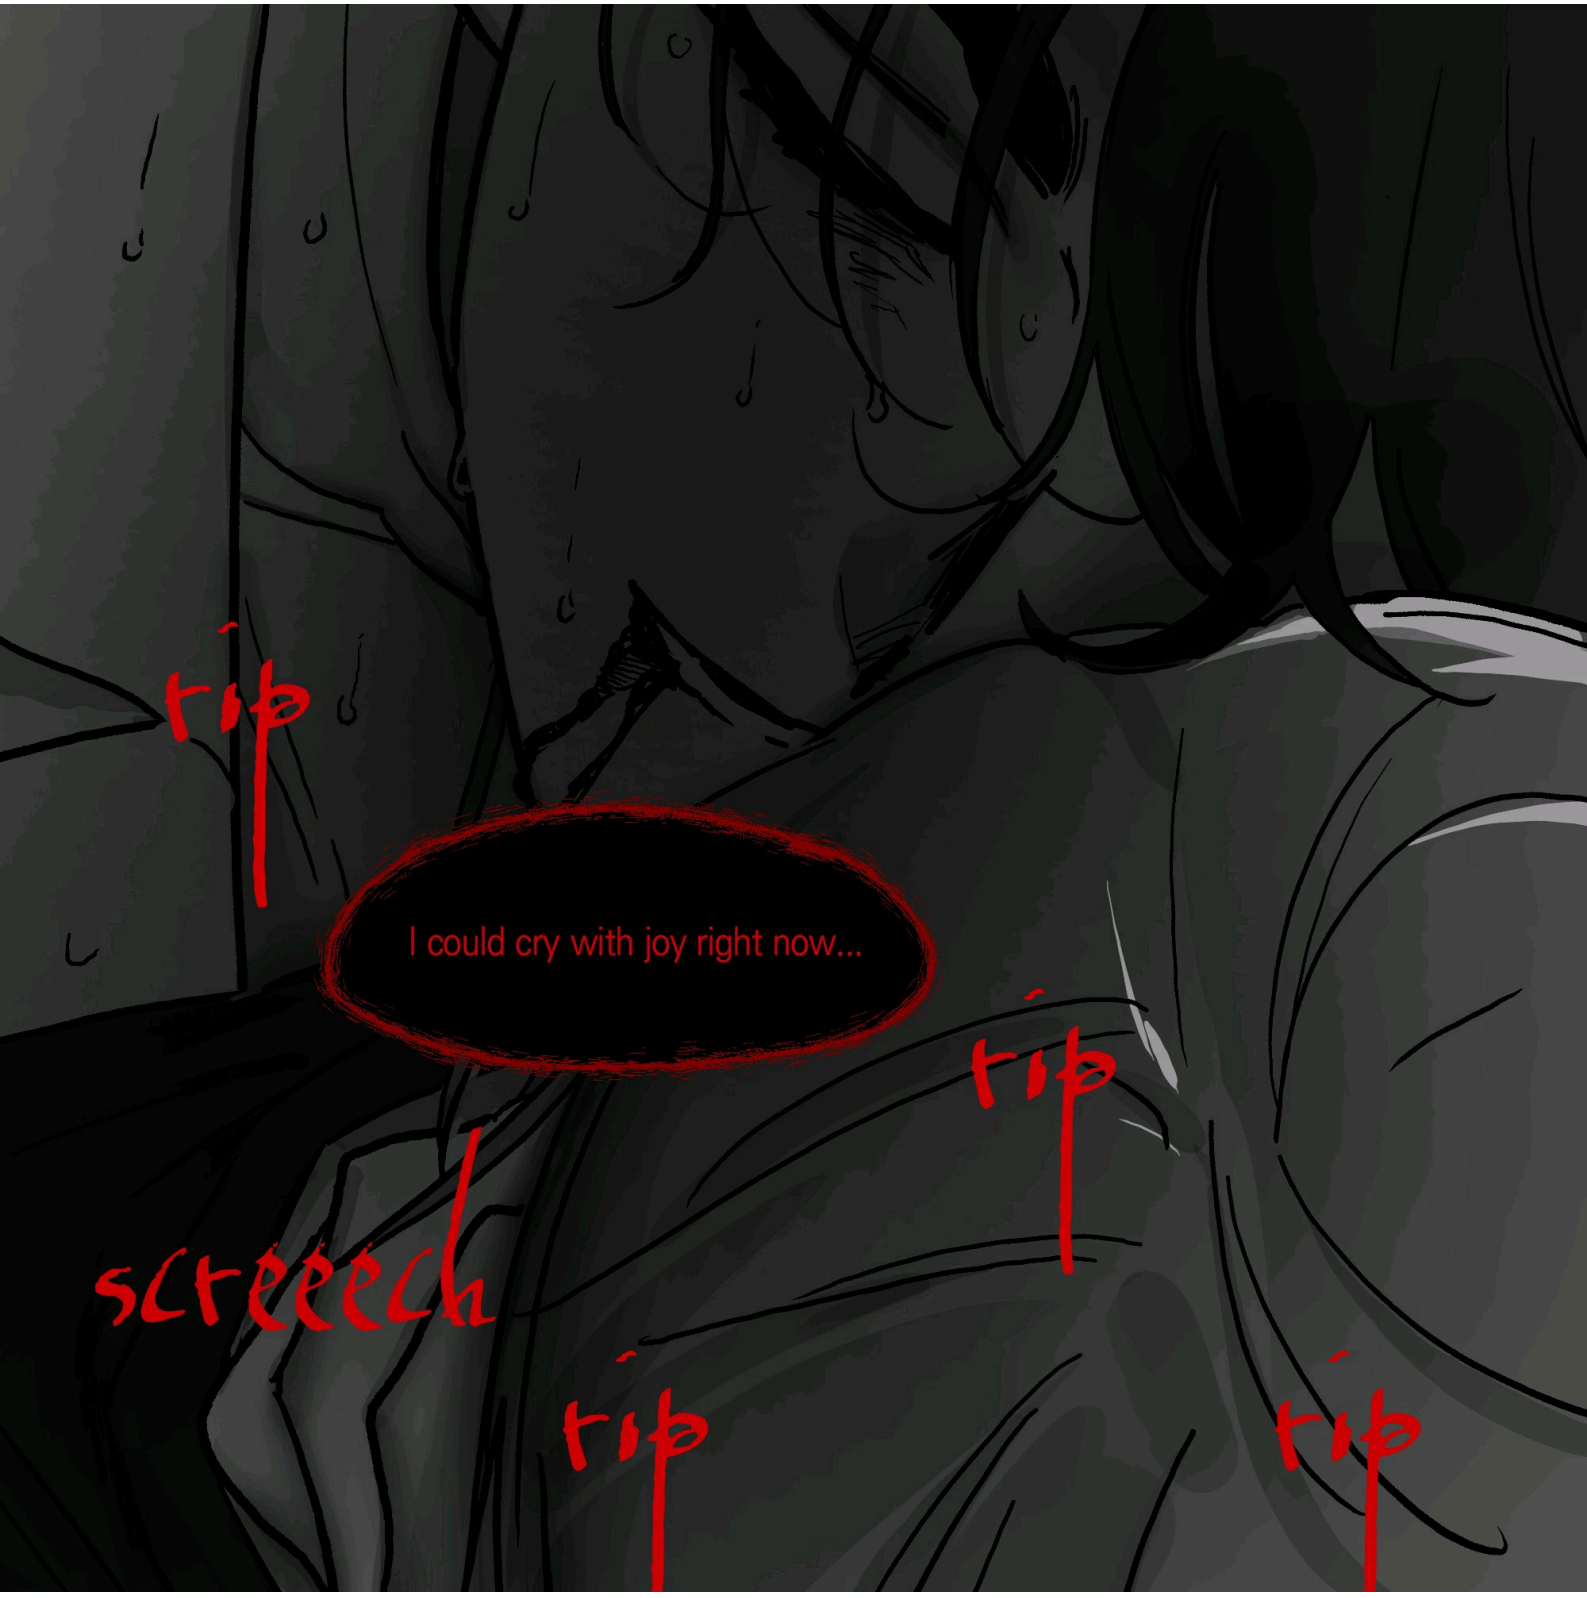
I was able to speak to him.

Is that your first word?
So what,
do you want me
to swear at you?

For old times' sake
I'm going to be touched

sqreeee

Be honest with me. You really have something to tell me.
You're the one who called me, Till.
No, I didn't!
rip
screeech
screeech



rip
I could cry with joy right now...
rip
screeech
rip
rip

ahhh, here we go again.
Your neck is all tattered.
I think we should take that off because it could be dangerous.
Scratching the itchy spot,
seeing it bleed,

was enough to keep
him quiet for a while.

Once I figured out how to shut him up,
I was able to do some painting and writing.
I was slowly getting used to what felt like a parasite.
Draw me.
Okay.

I'd have liked you to have drawn more when we were kids.
What are you saying? I drew a lot

I didn't know that.
Why didn't you show me any?
Why show it to an embarrassing party?
scratch
Ugh
scratch

Were you disappointed?

grin
...Let's not talk.

To be continued...
